Notes: Definitions and descriptions of the methods used for this survey can be found in the Technical Appendix. Totals may not sum exactly because of rounding. \* Non-single coverage includes both family and employee-plus-one coverage levels. This is a labeling change from prior year's tables however the estimates are comparable. \*\* Definitions of industry groupings changed in 2000. These data are not comparable to MEPS-IC estimates made prior to 2000.
